Dr. DeLoris Jacqueline Moore is glad to announce the launch of her latest book titled ‘God Hears the “Any Kyna Way” Prayer: A Powerful Guide to Prayer’. This book was written especially for those who would gladly pray, if they believed they knew “how” to pray and approach the throne of Almighty God. It is also written for those who already practice praying on various levels. The author has infused her experience about ‘Praying to the Almighty’ in writing and curating this lovely piece. The book hit the shelves in the first week of October 2021.

The main goal and objective of the book are to motivate the readers to pray and seek the help of God more often, so they can receive everything the Lord desires to give to them. The book includes the “Who, What, Where, When, Why and How” principles of prayer. Readers will discover that God is who He said He is and should not be compared to anyone or anything. The author explains that God is the only all-sufficient one. God desires to be worshipped in spirit and in truth. He hears the cries of everyone and supplies their needs. The Lord will answer us if and when we are willing to humble ourselves and admit that we are not the omnipresent one, nor are we the omniscient or omnipotent one.

Dedicating this masterpiece work to her readers, Dr. Moore said, “Writing is an integral part of my life and I put my heart and soul in every book I write. When writing, I utilize a plethora of both academic and vocational knowledge in producing thought-provoking articles. I think the book lovers and especially those who are fond of non-fiction are really going to enjoy reading this book.”

The book has also been receiving rave reviews from readers across the world.

“Thoroughly enjoyed reading this book. I highly recommend this book to anyone who is curious about

the art of Praying.” says an impressed reader.

“A well thought out and fair book. It takes an objective look at different approaches before drawing a logical conclusion.” remarked another reader.

In this 154-page book that promises to keep the readers engaged till the end, Dr. Moore has taken a fresh approach to pray to God. She says that one doesn't have to know all the Scriptures written in the Bible, or have a degree in communication, in order to pray effective prayers. All one really needs to know and believe is the God of Abraham, Isaac, and Jacob is ready and willing to answer prayers made with a sincere, humble, and grateful heart.

“The ‘any kyna way’ prayer is prayed when your circumstances have presented themselves in such a way that there appears to be no positive or acceptable solution,” says Dr. Moore. “When all hope appears to be lost, that’s the perfect time to pray the ‘any kyna way’ prayer.”
