Why do I do Pranks?

Pranks have always been one of my ideal ideas from day one even before I started YouTubing, I could have done numerous pranks during high school but YouTube wasn't that popular with pranks and I know if I had done that I would be even bigger today as a YouTuber.

How I Became A DJ?

Well, how I became a DJ is very tricky because I didn't attend any training or school to learn these skills it is natural as well as the love for music, I remember this story my parents told me about my childhood days around the age of 2-3 years old that I have played with their vinyl and destroyed, today I laugh because that was to suspect I was gonna be musical great in the future. Growing up in Jamaica in the country area of Clarendon we didn't have alot of experience with fancy music gears and such but my and friends created our own sound system using cardboard boxes, bottles, and radios. I recall on a Friday when I listen to Irie FM with Johnny Kool I would be using is live broadcasting as a way to be selected at my own imagination party.
