

DuPont Sustainable Solutions and Silverwing Investment Ltd. Announce New Strategic Alliance to Focus on Asia and Africa

The Alliance will focus on delivering bottom-line value and uplift to large mining and industrial clients in Asia and Africa

Singapore, 16 September 2021

Silverwing Investment Ltd. and DuPont Sustainable Solutions Announce New Strategic Alliance to Focus on Enterprise-Wide Transformations in Asia and Africa.

Singapore, Singapore, Oct 5, 2021 ([IssueWire.com](https://www.issuewire.com)) - DuPont Sustainable Solutions (DSS), a leading global provider of operations management consulting services, and Silverwing Investment Ltd (SWIL), a boutique transformation and turnaround specialist through its portfolio company Apex Strategic Ventures Ltd, announced today that they will commence a strategic collaboration to

significantly increase client service delivery capability across Asia and Africa.

Through the collaboration, DSS has teamed up with SWIL to further enhance the value-add and benefits delivered to DSS' clients through the delivery of bottom-up team engagement models.

The agreed collaboration comes as a necessary response to the rapidly changing workplace dynamics brought on by the COVID-19 pandemic. The pandemic has caused reduced interactions in the workplace, often resulting in poor workplace engagement, which in turn limits global performance and work/life balance in companies across the globe.

“In the present situation, DSS and SWIL see a heightened need to achieve step-change growth for clients across a number of industries through the engagement of client workforces and management, as well as the development of capabilities and competencies, To support its clients, DSS and SWIL will run programs that add significant bottom-line benefits and value through culture transformation”, according to Srinivasan Ramabhadran, Managing Director the Asia Pacific, DuPont Sustainable Solutions.

The collaboration, which will predominantly focus on Asia and Africa, is expected to help DSS and SWIL to expand the workforce engagement levels of current clients within these regions. Initially, the collaboration will focus on engagements that deploy between 10 to 15 advisors for a duration of between 12 to 24 months to achieve whole-of-organization transformations.

SWIL has strong and deep industry relationships in Africa and Asia, where its teams have delivered multiple successful step-change programs in industries including mining, oil, and gas, banking, insurance, and manufacturing, often resulting in union endorsement.

“Win-win ethos is a strong theme from SWIL and we align naturally well with DSS. Collaboration and the engagement of management, workforce, and community are at the heart of our results. These efforts result in strong bottom-line benefits for clients, of which a portion is shared with employees, suppliers and the community”, says the SWIL Managing Director, Mr. Simon G. Bell.

To learn more about the DSS-SWIL alliance and how we may be able to support your organisation in Asia or Africa, please contact [Daniel Butt](#) at SWIL or [Rajiv Seneviratne](#) at DSS.

About DuPont Sustainable Solutions
