

## G Sharp releases The Chill Cafe

Tulsa hip hop legend returns with 17th musical project.

**Oklahoma, Tulsa, Oct 26, 2021 ([Issuewire.com](http://Issuewire.com))** - Tulsa hip hop legend G Sharp releases The Chill Cafe, his third of 2021 and 17th overall. The lead single “Chill” has proven to be his hottest in recent years, reaching the top of Tulsa Top 40 charts and movie placement in the short film Grateful.

The promotion for the album begins with an IG post listing legendary artists such as Snoop Dogg and Kanye West as features who would not be on the album. With over 300 accumulative records sold the

first week, it is the hottest project from Oklahoma in recent months. G Sharp, unlike many Oklahoma rappers, boldly posts his sales numbers, big or small, even calling it “taboo”.

The album features one of the few Oklahoma rap artists to reach National Radio Charts in Artist918, as well as child prodigy Nic Wit It and his brother King Cj.

G Sharp is one of the most successful hip-hop artists from Oklahoma, reaching national charts twice. He is also the only Oklahoma hip-hop artist to ever perform inside BOK Center, Tulsa’s largest venue.

The project is available on all major platforms.
