**New Jersey, Howell, Oct 14, 2021 ([IssueWire.com](http://IssueWire.com))** - Best selling author of over twenty paranormal cozy mystery and urban fantasy novels, Jane Hinchey is an Aussie author who loves to write cozy mysteries with plenty of laughs and mayhem along the way – who says murder can't be fun? Her bestselling [Ghost Detective Series](#) combines all of this into an intriguing melting pot of paranormal danger, fast-paced (but not too dangerous) action, and plenty of tongue-in-cheek snarky humor.

Jane lives in the mortal realm with her non-paranormal man, two cats whose paranormal status is yet to be determined (she did catch them trying to open a portal in the kitchen that one time), and a turtle named Squirt (who is massive!).

Sometimes, when the supernatural chaos calls for a different kind of story, she writes under the name Zahra Stone, where the characters you meet are as sexy as they are deadly.
