

Jeremy Warner, MD, FACS, a Plastic Surgeon with Warner Aesthetic and Reconstructive Institute

Get to know Plastic Surgeon Dr. Jeremy Warner, who serves patients in Winnetka, Illinois.

New York, New York City, Oct 15, 2021 ([IssueWire.com](http://www.IssueWire.com)) - Well-versed in the field of plastic surgery, Dr. Warner is the Director of the Warner Aesthetic and Reconstructive Institute in Winnetka, Illinois. He strives to provide every patient an exemplary experience and build long-lasting relationships through innovation, technology, leading-edge surgical technique, and strong personal integrity.

While he provides comprehensive care in all areas of plastic surgery, he specializes in facial plastic surgery procedures, performing both surgical and non-surgical cosmetic facial procedures including facelift, necklift, otoplasty (ear reshaping), Botox®, fillers, blepharoplasty (eyelid lift), hair restoration, chin implants, liposuction, fat injections, and browlift. He also performs reconstructive facial procedures including facial reconstruction, reconstruction after Mohs surgery, facial reconstruction for facial paralysis, and also general body contouring procedures upon request. He also is the creator of the State-of-the-art Warner Institute Facelift Technique (SWIFT Lift), a patent-pending facelift procedure that provides an exceptional patient experience by taking place in-office and using the best surgical technique possible, while cutting the average operating time in half.

With a broad educational background, Dr. Warner attended medical school at the George Washington University of Medicine in Washington, DC. While there, he was awarded a Gill Research Fellowship position at the prestigious National Institutes of Health and graduated with Honors, including an induction into the highly regarded Alpha Omega Alpha Honor Society.

Subsequently, he went on to train in plastic surgery at the University of Wisconsin – Madison. Following completion of his residency training, he spent an additional year of advanced surgical fellowship training, specializing in state-of-the-art aesthetic and reconstructive facial plastic surgery (primarily facelifts, rhinoplasty, and facial reanimation surgery), at the University of Toronto.

Distinguished as a Fellow of the American College of Surgeons (FACS), the doctor is board-certified in plastic surgery by the American Board of Plastic Surgery (ABPS). The mission of the ABPS is to promote safe, ethical, efficacious plastic surgery to the public by maintaining high standards for the education, examination, certification, and continuous certification of plastic surgeons as specialists and subspecialists.

To boot, he is board-certified in facial plastic and reconstructive surgery by the American Board of Facial Plastic and Reconstructive Surgery, which was established in 1986 to improve the quality of medical and surgical treatment available to the public by examining for professional expertise in facial plastic and reconstructive surgery.

In good standing with a number of professional organizations, Dr. Warner is an elite member of the Rhinoplasty Society, which confirmed his absolute expertise in rhinoplasty. He is also a member of the American Society of Plastic Surgeons, the American Society for Aesthetic Plastic Surgery, the American Association of Facial Plastic & Reconstructive Surgeons, and the International Society of Hair Restoration Surgery.

In his professional experience, he is the Director and Founder of the Chicago Rhinoplasty Symposium, and the Mission Director of the Nepal Surgical and Medical Mission under the Face the Future Foundation.

As the Director of the Rhinoplasty Symposium and distinguished speaker, Dr. Warner teaches the latest techniques and technology to the next generation of surgeons at Warner Institute and other major university plastic surgery programs. He also has the privilege of teaching national courses for the Rhinoplasty Society to other board-certified surgeons that focus on how to perform rhinoplasty better and more successfully.

With a passion for teaching, he serves as a Clinical Assistant Professor of Surgery within the Section of Plastic & Reconstructive Surgery at the University of Chicago Pritzker School of Medicine.

With publications in many areas of plastic surgery, including articles on facial rejuvenation, rhinoplasty, and abdominoplasty (tummy tuck), Dr. Warner has been published in multiple major plastic surgery textbooks and presented numerous lectures at local, national, and international meetings.

Above all, he spends time writing and lecturing because he is committed to providing his patients with the most current state of care in addition to teaching the next generation of plastic surgeons.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories - reconstructive surgery and cosmetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.

Throughout his illustrious career, Dr. Warner has been featured on ABC News for his state-of-the-art facial surgery and his research has been featured on ABCnews, CBSnews, Toronto Sun, Chicago Tribune, Business Week, Bloomberg, LA Times, Baltimore Sun, US News, Washington Post, and the Doctors Lounge.
