Chief Financial Officer

Quincy Freeman will integrate one of many dynamic strategies to fulfill the client's desired effect.

Finance Program

We have options for accounts over 10 million to remain in their bank & leverage our 4X1 line of credit.

Real Estate

There are thousands of properties but we focus on one project at a time to get to the finish line.

Testimonials

“INTERESTED? I can't believe I was able to get my first viable project with an investor who did not have

to move their money. Once I spoke to Quincy, then the finance team with my funding source. We closed a 10 million deposit, with a line of credit of 40 million, without even a transfer”

Dr. Charles Sandler

"I really wanted to get into this film and invest without my own money. I also wanted a residential 4 small single-family homes to start renting out. I spoke to Quincy, and he laid out the parameters with extensive documentation about his programs. I called leveraging my own money without using it "a true no-brainer". We now have 10 homes in our portfolio and growing."
