

# **The Vast web India has completed its impeccable journey from a small startup to a leading solution**

**India, Delhi, Oct 27, 2021 ([IssueWire.com](http://IssueWire.com))** - Vast web India's team of young and dynamic professionals is one of the biggest strengths of the company. From the humble beginning in 2017, when Mr. Baldev Singh launched Vast web India, to today when it has grown into a leading [software development company](#), the team has evolved at every step.

Vast web India is a full-stack IT company offering solutions across various domains. The company offers web designing and development services, website maintenance, domain registration, email hosting, cloud solution hosting, and online marketing services. Vast web India also provides a wide range of digital marketing services such as social media marketing, PPC management, SEO, SMM, and content writing for clients worldwide.

[Mr. Baldev Singh](#), the man behind the success of Vast Web India, a leading Software and web development company in India, began his career as a solo effort. The journey has been an inspirational one for many and has provided enough confidence to make firm global footprints. Mr. Baldev Singh's inspiration to make firm global footprints was instilled by his association with the German company in the field of software development. Today, he is not only associated with them but also with many other companies across

[Vast web India](#) is one of the leading brands in the information technology services industry, with its head office in Sikar Rajasthan. The company has gained a high profile in the market by providing innovative solutions to clients. It has established its name as a reliable vendor that can be relied upon for fast delivery and excellent service. While talking about the journey of Vast web India, Baldev Singh said that they started with just two people initially and now the company has more than 200 employees. The company is on a growth path and is looking forward to achieving more than a 100% growth rate in the coming years. This comes as a result of the company's partnership with more than 2000+ clients across the globe.
