He feels it is his honor and privilege to help patients look and feel their best through an array of procedures for the face, body, skin, and breast.

As a trendsetter, he was the first to offer medical spa and skincare services in Charlotte and opened the very first medical spa in North Carolina. He was the very first doctor to use Botox for cosmetic purposes and the first to perform Laser Skin Resurfacing in Charlotte. He also performed the first cleft lip and palate surgery, the first breast cancer reconstruction, cosmetic breast surgery, and facelift in Gaston County, micro-vascular muscle and skin transplants, and the first toe to thumb transplant in the area. He is continually adding to his repertoire to meet all patients' needs, making him one of the best cosmetic plastic surgeons in Charlotte. His colleagues regularly refer facial cosmetic cases to him.

Educated in the United States, he graduated cum laude from both the University of Massachusetts at Amherst and the University of Louisville School of Medicine, where he was also elected to the AOA Honor Society. He then went on to complete a 5-year internship and residency in general surgery at the University of Washington School of Medicine in Seattle, where he was Chief Resident and received an Outstanding Resident Award.

Following that, Dr. Voci served on the University of Washington Faculty in General Surgery while waiting for a valued competitive spot at Duke University School of Medicine for his residency in plastic surgery, where he also was Chief Resident.
