

Arumugam Thanumalaya Perumal, MD, MRCP, an Internist with Lexington Medical Center

Get to know Internist Dr. Arumugam Thanumalaya Perumal, who serves patients in West Columbia, South Carolina.

New York City, New York Nov 8, 2021 ([Issuewire.com](https://www.issuewire.com)) - A highly skilled internist, Dr. Arumugam

Perumal is in practice at Lexington Medical Center in West Columbia, South Carolina.

Lexington Medical Center is a 557-bed nonprofit hospital in West Columbia, South Carolina. It anchors a health care network that includes five community medical centers and employs a staff of more than 7,000 health care professionals. The network includes a cardiovascular program recognized by the American College of Cardiology as South Carolina's first HeartCARE Center™. It also has an occupational health center, the largest skilled nursing facility in the Carolinas, and Alzheimer's care center, and 70 doctor's offices.

Dr. Perumal earned his Medical degree from Madras Medical College in Chennai, India.

He has also trained in the United Kingdom in various Hospitals accredited by the Royal College of Physicians UK and passed the MRCP exam (UK) and trained in Gastroenterology.

Subsequently, he worked as a senior Registrar in Gastroenterology in King Faisal Military Hospital in Saudi Arabia and later worked as a Specialist Physician in Internal Medicine at the Port Hedland Regional Hospital in Australia.

Dr. Perumal completed a residency in Internal Medicine at St. Mary's Hospital in Rochester, New York in 1995. He founded a hospitalist practice at Kent County Memorial Hospital in Warwick, Rhode Island, and later served as a Medical Director at Quincy Medical Center in Boston, Massachusetts.

With over 30 years of management, administrative, and patient care experience, the doctor is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Internal medicine is a medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.
