

Audley Osbourne, MD, a Urologist with Optum Healthcare

Get to know Urologist Dr. Audley Osbourne, who serves patients in SanFernando Valley, California.

New York City, New York Nov 8, 2021 ([IssueWire.com](https://www.IssueWire.com)) - Dr. Osbourne is a practiced urologist with Optum Healthcare affiliated with Providence Holy Cross Medical Center in Mission Hills, California, Valley Presbyterian Hospital in Van Nuys, California, and Dignity Health Northridge Medical Center in Northridge, California. He specializes in Robotic, laparoscopic, endoscopic, and general urology procedures involving bladder, prostate, kidney, ureter, urethral, penile, and testicular cancers, as well as other genitourinary abnormalities. He also treats urinary incontinence, urinary tract infections, low testosterone, kidney stones, erectile dysfunction, infertility, and other general urological conditions. He strongly believes in preventive healthcare, especially regular exercise, excellent nutritional habits, and stress reduction.

An essential caretaker of the San Fernando, Santa Clarita, and Simi Valley Communities, Optum offers outpatient health services, with associated urgent and inpatient facilities, all of which embrace a holistic and family-centered approach to care. Optum Healthcare works tirelessly to provide for patients' every physical, emotional, social, and spiritual need.

With a broad educational background, Dr. Osbourne earned his medical degree from Harvard Medical School. He completed his internship and residency at Massachusetts General Hospital and a fellowship in robotic and laparoscopic urology at St. Elizabeth's Medical Center in Boston.

With an unwavering commitment to his specialty, the doctor is board-certified in urology by the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, and working with certified urologists to achieve lifelong learning to ensure the delivery of high quality, safe, and ethical urologic care.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.

On a more personal note, in addition to English, Dr. Osbourne speaks basic Spanish.
