

## B2bmap Improves its Global Directories Features for Better Services

B2bmap accommodates business owners and manufacturers to find reliable buyers. The platform has recently upgraded its global directories features for comprehensive services and a great trading experience for local traders.

**Los Angeles, California Nov 11, 2021 ([Issuewire.com](http://Issuewire.com)) - [Global b2b website](#)**, B2bmap announces new features to make the trading experience more reliable and seamless. They provide a wide range of new great features for buyers and suppliers. Besides providing a fresh appearance, B2bmap also offers free service for new registered members, whether they register as buyers or suppliers. B2bmap platform representative said, *"Our B2B platform is designed to accommodate buyers and suppliers to run their businesses and reach more customers. At the B2bmap platform, both buyers and suppliers can use our platform's facilities for free. And, of course, with limitations, compared to paid members/premium members. Upgrading yearly memberships allow members to get maximum features and be more standout than free members."*

[B2bmap global b2b](#) platform is a B2B marketplace that connects buyers to reliable worldwide suppliers. They can get items at wholesale prices and are more affordable compared to many similar B2B marketplaces. The platform provides a wide range of product categories, which include Electronics, Automobiles, Agriculture, Textiles, Machinery, Sports, Toys, Chemicals, Home appliances, and more. Buyers can find their reliable supplier quickly as the platform provides suppliers' business descriptions with product information, photos, minimum order quantity, and more. Buyers with language limitations can get more language options like Spanish, Portuguese, and Chinese.

Moreover, B2bmap suppliers can join premium members for more exposure. Annual membership starts from \$399 to \$699. Premium members will get more advantages like showcasing up to unlimited products, feature listings, access to buying leads, ranking high in top search engines, direct website links, traffic analysis, and more. With plenty of features, premium members have a chance to get more visitors and buyers.
