Get to know Ophthalmologist Dr. Boleslav Kotlyar, who serves patients in Livingston, New Jersey.

**New York City, New York Nov 16, 2021 ([IssueWire.com](https://www.issuewire.com))** - Well-versed in the field of ophthalmology, Dr. Kotlyar practices at The Livingston Surgery Center in New Jersey.

The Livingston Surgery Center is a freestanding ambulatory surgery center that houses seven full-

service operating rooms, three gastrointestinal endoscopy suites, and three minor procedure rooms. To accommodate their adult and pediatric patients, separate recovery areas have been designed, keeping patient privacy and any special needs in mind. They are committed to safe, high-quality, patient-centered care delivered by a highly engaged team.

Born in Kiev, Ukraine, Dr. Kotlyar emigrated to the United States in 1993. He attended Stuyvesant High School, followed by New York University (2003-2006) for undergraduate studies, completing his Bachelor of Science degree in three years cum laude with a major in Biology and a minor in History.

He gained an interest in the retina after working for a retina practice in Brooklyn as head ophthalmic technician and photographer for three years. This experience inspired him to study medicine at SUNY Buffalo from 2009–2013. During medical school, he served as president of the Surgery Interest Group as well as the Ophthalmology Interest Group. His preliminary internal medicine year was at Newark Beth Israel Hospital, where he was awarded the Preliminary Medicine Intern of the Year Award.

Subsequently, he completed his residency in ophthalmology at SUNY Downstate Medical Center in 2017, and his fellowship in adult and pediatric vitreoretinal at Retina Consultants Limited/Cook County Hospital in 2019.

Remaining up to date in his field, Dr. Kotlyar is an active member of the American Academy of Ophthalmology, and the American Society of Retina Specialists.

Among his other roles, he can be found on staff at Saint Barnabas Medical Center and Overlook Medical Center.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. Ophthalmologists are also surgeons. They repair traumatic injuries to the eye and may perform cataract, glaucoma, and corneal surgery.

Speaking several languages, Dr. Kotlyar is fluent in English, Russian and speaks basic Spanish. Outside of work, his interests include traveling, Ultimate Frisbee, cooking, and science fiction.
