

Elizabeth Zettersten, MD, FAAD, a Dermatologist with Dermatology Consultants of Marin, Inc.

Get to know Dermatologist Dr. Elizabeth Zettersten, who serves patients throughout the State of California.

New York City, New York Nov 30, 2021 ([IssueWire.com](http://www.IssueWire.com)) - A board-certified dermatologist and a fellowship-trained cutaneous oncologist, Dr. Zettersten is a part of the team at Dermatology Consultants of Marin, Inc., with offices in Greenbrae and San Rafael, California. Specializing in malignant melanoma and in-cutaneous T-cell lymphoma, she provides highly professional medical, cosmetic and surgical dermatology to the community.

Dermatology Consultants of Marin, Inc. is a multi-provider practice specializing in medical, pediatric, surgical, and cosmetic dermatology. Their providers are all board-certified and considered Best in Marin by their peers. Its mission is to provide the highest level of service in the diagnosis and treatment of dermatologic diseases and skin cancers.

Originally from Sweden, Dr. Zettersten pursued her Bachelor of Science degree at the University of Bonn, Germany, and her medical degree at the University of Copenhagen, Denmark, where she also completed a European internship. After successfully passing the United States Medical Licensing Examinations, she completed an internship at the University of Arizona College of Medicine and was thereafter selected as a resident at the Department of Dermatology at the University of California, San Francisco.

As a testament to her continued education, the doctor is board-certified in dermatology by the American Board of Dermatology (ABD). The ABD is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

In the past, Dr. Zettersten worked several years at the Melanoma Center at the UCSF Comprehensive Cancer Center. Her accomplishments also include dermatological basic science research which she performed at the San Francisco VA Medical Center's laboratories, as well as clinical research at the UCSF Melanoma Center and the Lawrence Livermore National Laboratory. She is the lead author of numerous scientific articles published in scholarly journals, such as the Journal of the American Academy of Dermatology and the Journal of Investigative Dermatology.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.

In 1997, Dr. Zettersten was awarded the prestigious Dermatology Foundation Research Award.
