

Rabih Maroun, MD, a Pulmonologist with Staten Island Pulmonary Associates, P.C.

Get to know Pulmonologist Dr. Rabih Maroun, who serves patients in Staten Island, New York City, New York.

New York, New York City, Nov 2, 2021 ([IssueWire.com](https://www.issuewire.com)) - Dr. Maroun is a New York-based Northwell Health physician who specializes in critical care medicine, internal medicine, and pulmonary disease. He is in practice with Staten Island Pulmonary Associates, P.C. in Staten Island, New York City, New York, performing diagnostic and therapeutic pulmonary procedures as well as allergy skin

testing.

Staten Island Pulmonary Associates P.C. specializes in the treatment of lung disorders, respiratory diseases, and sleep disorders. The practice offers the convenience of two state-of-the-art facility locations with services that include: initial consultations, follow-up visits, chest X-rays, pulmonary function testing, routine spirometry, diffusion capacity measurements, lung volume measurements, and polysomnographies (sleep studies).

Among his academic titles, Dr. Maroun serves as an Assistant Professor at Donald and Barbara Zucker School of Medicine at Hofstra/Northwell, and as an Assistant Professor at Hofstra Northwell School of Nursing.

Additionally, he can be found on staff at Staten Island University Hospital and Richmond University Medical Center.

Graduating with his medical degree from Kursk State Medical University in Russia in 2000, Dr. Maroun relocated to the United States to further his training. He performed his residency in internal medicine and his fellowship in pulmonary disease and critical care medicine at Staten Island University Hospital in 2007 and 2013, respectively.

A member of the American College of Physicians, the doctor is board-certified in pulmonology disease, critical care medicine, and internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Pulmonology is a medical specialty that deals with diseases involving the respiratory tract. A pulmonologist is an internal medicine physician who specializes in preventing, diagnosing, and treating conditions and diseases that affect the lungs, bronchial tubes, and the respiratory system, including the nose, pharynx, and throat.
