

TASC: A Leading Provider of PEO Services and Other HR Solutions

TASC is a top HR solutions company catering to countries in the GCC group. It delivers highly valuable services like PEO solutions for businesses venturing to expand overseas.

Dubai, United Arab Emirates Nov 24, 2021 ([IssueWire.com](https://www.issuewire.com)) - TASC is one of the leading recruitments, staffing, and other HR services companies serving the GCC. It has maintained its top reputation as a major HR solutions provider in the last two decades.

For instance, it is reputed to be the best [PEO service provider](#) in the last 2 decades. Proofs of these are dozens of professional accolades & awards, hundreds of happy associates, and thousands of happy customers.

Wherever a client is taking their business, TASC can help them reach there. They have the personnel, skills, technology, services, and insights to beat any competition. They are ready to take up whatever is required for clients, from staffing & recruitment to development & training to payroll, management, and more.

Clients can leave their total HR function to TASC while focusing on other, more important business functions. TASC delivers solutions like contract staffing, permanent recruitment, PRO services, Payroll services, HR consultancy services, offshore services, and PEO services.

Clients can trust their contract staffing needs to the firm which does things creatively. The latter can be trusted with powering their clients' business with creativity, offering both short-term and long-term staffing solutions, both on-site and off-site.

Regarding permanent recruitment, the company recognizes that one's personnel are the bones of one's business. Its data-driven, innovative processes of recruitment exploit a global trove of talent, throwing open, bright new potential for one's business.

PRO services of the company make smooth the path to business success in the Middle East. As for payroll services, the company helps clients move their payroll processes into the future with their dynamic services. They can help get rid of complexity, ensure compliant and accurate transactions and maximize efficiency.

Above everything, TASC knows its people. So, clients can leave their HR programs and policies to the company, and the latter will make sure that employees stay productive, motivated, and happy through HR consultancy.

TASC also handles offshore services. Clients can leave everyday options to the company. From innovative financial solutions to general administration to devoted remote teams, TASC offers specialist knowledge, services, and expertise that have proven success.

The most valuable service of TASC is its PEO solutions. Is the client expanding business on foreign shores? TASC can help move one's business in record time by exploiting their global talent network. One can forget about vexing legal hurdles or expensive capital investment and get ready to travel the road.

PEO services from TASC are ideal for businesses seeking to expand globally. One can hit the road with the company's PEO (Professional Employer Organization) services and commence one's business in double time.

TASC helps locate, recruit, and onboard employees one requires on one's behalf (complying with local laws). It serves as Employer on record while turning over supervision and control to the hands of clients. TASC serves as an ideal solution for PEO outsourcing.

TASC frees one from the complicated and time-consuming process of setting up a separate legal body. Use the services of the company to push one's business to move more quickly and reduce one's capital investment and related start-up costs.

Why is TASC so popular? They have experienced recruitment from all angles. They have been job seekers, scouting for their big break or an opportunity to step up. They have been business leaders seeking to build teams with top-notch talent. They have been entrepreneurs, laser-focused, agile, and hungry for delivering more for less.

The TASC team has learned valuable lessons that make the company what it is all along the way. They have laid the groundwork for an exceptional business, on which they build careers and livelihoods, supporting businesses and growing the economy.

TASC works for most industries but is specialized in e-commerce & digital, engineering & technology, supply chain & logistics, healthcare & pharma, finance & banking, consumer & retail, oil & energy, automotive & aviation, and telecommunications.

The company helps businesses to transform clicks into profits, drive traffic and convert browsers into purchasers or customers. TASC began its journey with technology recruitment, and it continues to innovate with AIQU- the dedicated brand for tech recruitment.

The tremendous explosion in worldwide commerce has caused the sky-rocketing of demand for logistics and supply chain professionals. The latter is provided by TASC HR solutions.

The growing talent pool of health and pharma professionals with TASC implies that one can always depend on the latter for such personnel. The dedicated financial recruiters provide industry insight and expertise required for making one's next hire, whether it is for the role of CFO or entry-level accountant.

In the consumer & retail sector, TASC can help tap into an extensive pool of consumer-facing,

experienced talent, such as retail and customer service professionals around the world. The company connects with leading energy companies having highly skilled talent, aiding one to meet tight deadlines and continually changing demands of the market. The dedicated recruitment team of the company has matchless experience in hi-tech marketplaces like automotive & aviation with access to specialized global personnel for meeting one's needs. Also, talk to the company if one is in the business of telecommunications. TASC helps deliver telecom talent that one requires from C-level executives to engineering personnel.

TASC has been showered with accolades by both the industry and other bodies. Awards include Dubai Quality Appreciation award (2020), Top Innovative Staffing Agency 2019 (LinkedIn), Sheikh Khalifa Excellence Award 2019 (Silver), Superbrand (2019), etc.

TASC was founded by Mahesh Shahdadpuri, who always had a passion for people-focused business and was inspired by a quest to set up something innovative and new. Under his guidance, TASC has gained a whopping 150% growth rate in the last decade. The current COO of the company is Richard Jackson, a finance professional with great leadership qualities.
