**Mumbai, Maharashtra Dec 15, 2021 ([Issuewire.com](http://Issuewire.com))** - Alea Karin is back on the scene with a brand new release: Sounds of 2021 (High Vibration Music For Manifesting)

Alea Karin is always in the frontline when it comes to pushing creative boundaries and trying out new ideas. She does anything from songs for children (In Swedish) to worship music, and more. More

importantly, she always wears her heart on a sleeve and she is not afraid to show the world what her music is all about. Her most recent single release is titled Sounds of 2021 (High Vibration Music For Manifesting). This instrumental track is a lush, yet catchy and dynamic composition that immediately strikes the artist's ability to connect with people. The song kicks off with a melody that feels quite minimalistic, allowing the rhythm to stand out, especially giving the soundscapes the emphasis they deserve. The groove has a hazy, nearly dream-like quality to it. Fans of modern electronic and chill-wave sounds are undoubtedly going to find a strong connection with this one. Sounds of 2021 boast excellent products as well as highlights Alea Karin's values as an inspiring artist and person.
