Tucson, Arizona Dec 14, 2021 ([IssueWire.com](http://IssueWire.com)) - The [StarBarksCoffee.com](http://StarBarksCoffee.com) rescue team was recently assaulted and threatened with being shot for assisting an abused, entangled puppy.

This [Video](#) of a neglected puppy desperately seeking rescue from a mentally unstable and violently aggressive owner was taken recently at an RV park in Texas during our annual "Journey Across America" in support of Animal Welfare.

We've contacted Texas authorities, but the Sheriff's Department informed us the Burnet County Prosecutor's Office is not interested in investigating or pursuing any charges.

StarBARKS Coffee is currently offering a \$500.00 REWARD for information leading to the arrest and conviction of Animal Abusers like this.

Please share this [Video](#) and [GoFundMe Page](#) to help expose the evil and save the innocent.

Donations will not only provide Reward Money to prosecute animal abusers but also help get these animals into safe homes and shelters with hopes for a better future.

Please sign our petition linked [HERE](#) and at [StarBarksCoffee.com](http://StarBarksCoffee.com) to urge the Prosecutor's office to

investigate and prosecute this violent criminal.
