

John Oh, MD, an Interventional Radiologist with Pueblo Medical Imaging

Get to know Interventional Radiologist Dr. John Oh, who serves patients in Las Vegas, Nevada.

New York City, New York Dec 28, 2021 ([IssueWire.com](https://www.issuewire.com)) - Well-versed in the field of interventional radiology, Dr. Oh is affiliated with Pueblo Medical Imaging in Las Vegas, Nevada.

Pueblo Medical Imaging (PMI) is a comprehensive state-of-the-art diagnostic and full-service outpatient

imaging center. They offer patients convenient scheduling, easy access in a comfortable paperless environment, as well as the advanced technology required for accurate evaluations and diagnosis. Their dedicated and experienced staff treats every patient with respect and dignity.

In regards to his educational background, Dr. Oh earned his medical degree from the Mount Sinai School of Medicine in 1985. He then went on to complete his internship at Overlook Hospital, and his residency in diagnostic radiology at the Mount Sinai Hospital in 1990. Finally, he completed his fellowship in cardiovascular & interventional radiology at the NYH-Cornell Medical Center.

Following his training, the doctor attained board certification in diagnostic radiology and interventional radiology through the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

In good standing with a number of professional organizations, he is a proud member of the American College of Radiology, the Radiological Society of North America, the American College of Phlebology, the American Roentgen Ray Society, the Clark County Medical Society, and the Society of Vascular and Interventional Radiology.

Interventional radiology is a medical specialization that involves performing a range of imaging procedures to obtain images of the inside of the body. Vascular & interventional radiologists focus on diseases of the blood vessels and lymphatic system, but also treat other conditions such as cancer and infertility. They perform minimally invasive treatments that have less risk, pain, and recovery time compared to open surgery.
