

Rajpaul Singh, MD, a Neurologist & Functional Medicine Specialist with Reignite with Dr. Singh

Get to know Neurologist Dr. Rajpaul Singh, who serves patients in Clermont, Florida.

New York City, New York Dec 29, 2021 ([Issuewire.com](https://www.issuewire.com)) - A seasoned neurologist & functional medicine specialist, Dr. Singh works with patients at his private practice - Reignite with Dr. Singh - in Clermont, Florida. He specializes in clinical neurophysiology, headache medicine, and pediatric medicine.

“As a neurologist and functional medicine specialist, I do my best to take a more comprehensive approach to get to the root cause of the illness. Whilst my strength is in neurology, there are many medical conditions that need to be addressed which are not neurological in origin. It is usually other underlying diseases that remain uncontrolled and affect the nervous system” expressed the doctor.

Holding a Bachelor of Science degree in Biochemistry from the University of Guyana, he earned his medical degree from the University of Havana in 1983. After relocating to the United States, he completed his residency in neurology and his fellowships in pediatrics and neurophysiology at SUNY Downstate Medical Center.

As a testament to his continued education, Dr. Singh is a Diplomate of the American Board of Psychiatry and Neurology (ABPN), attaining board certification in neurology, child neurology, and clinical neurophysiology. The ABPN is a not-for-profit corporation dedicated to serving the professions of psychiatry and neurology.

Moreover, he is recognized as a Diplomate of the American Board of Pediatrics (ABP) and is board-certified in headache medicine by the United Council for Neurologic Subspecialties Headaches Medicine.

Continuously advancing his efforts, Dr. Singh is an active member of the American Association of Neurology, the American Association of Neuromuscular & Electrodiagnostic Medicine, the American Association of Pediatrics, and the American Academy of Anti-Aging Medicine.

Neurology is a branch of medicine dealing with disorders of the nervous system. Neurologists are licensed medical specialists who diagnose and treat disorders that affect the brain, spinal cord, nerves, and muscles of patients. They examine a patient’s mental and physical status, conduct medical tests and scans, and evaluate the results to diagnose and treat the patient.
