Manicure/pedicure

A manicure refers to the curation and care of a client's hands and a pedicure refers to the curation and care of a client's feet. This includes skincare, nail care, and artificial nail enhancements that can be customized to a variety of preferences.

Eyebrow embroidery services

Eyebrow embroidery is a semi-permanent brow technique that embeds coloured pigments just beneath the epidermis surface of the skin using cutting-edge microblading technology. It helps to thicken or darken your eyebrows so they are more obvious and help to better define your face.

Eyelash extension

Eyelash extensions are semi-permanent fibers that are attached to your natural eyelashes in order to make your lash fringe look longer, fuller, and darker. Individual lash extensions are applied to each of your individual natural eyelashes one extension per natural eyelash using a semi-permanent glue.
