

What is Open Dental and how Moolah Merchant Services in integrating this to help in Credit Card Processing for Dentists

Moolah Is giving your dental practice something to smile about. Moolah is modernizing payments for dental practices by offering integration with leading dental solutions, a FREE smart terminal, a single flat rate, and no monthly fees or contract

Los Angeles, California Dec 1, 2021 (Issuewire.com) - [Moolah Merchant Services](#) is giving your dental practice something to smile about. Moolah is modernizing payments for dental practices by offering integration with leading dental solutions, a FREE wireless smart terminal, a single flat rate, and no monthly fees or contracts.

[Moolah Open Dental](#) has integrated with three credit card processing companies. Each service must be enabled and set up before credit card payments can be processed.

XCharge (OpenEdge): Supports EMV transactions (credit cards with computer chips) and processing of check payments. Supports online patient payments through the Patient Portal. Includes the Decline Minimizer, a feature that automatically updates expired and outdated card information.

EdgeExpress: Alternative to XCharge. Provided by the same company, Global Payments Integrated.

PayConnect Window: Supports EMV transactions.

PaySimple: Supports swiped credit card transactions plus ACH and direct debit payments from a patient's checking or savings account.

More than one credit card processing program may be enabled in Open Dental and clinics may set up different credentials when using different merchant accounts.

If you are a payment processing company interested in direct integration with Open Dental, please see

Direct Credit Card Integration with Open Dental.

Wireless freedom within the practice.

The world's first smart wireless and contactless terminal has created a standard for an impeccable payment experience for dental practices and their patients. Accept all the latest payment technology anywhere, including your operatories!

Manage your practice from anywhere.

Monitor real-time activity, view deposit/settlement reports, and manage your terminals all via the mobile, web, or on your terminal.

What you get

Everything is included in our single flat rate with no hidden fees or contracts.

Simple Flat Pricing

You pay a single flat rate of 2.59% on all card types, for both in-person and online transactions.

Instant Account Activation

No long PDF applications or personal credit pulls, your account is set up and live within minutes.

FREE Poynt Smart Wireless Terminal

The world's first wireless smart terminal has created a standard for an impeccable payment experience for your practice and your patients.

Open Dental Integration

Say goodbye to manually adding transactions into Open Dental. Moolah has built a full-stack payment platform that works seamlessly with Open Dental.

Next-Day Deposits

Your credit card transactions processed today are in your bank account the next business day.

FREE PCI Compliance

Merchants must maintain PCI compliance when accepting credit cards. Moolah gives you all the tools you need, and you'll never see a PCI fee!

Meet Bridge.

An end-to-end payment platform for Open Dental.

Process payments to your Poynt terminal(s), create automatic payment plans, manage your in-house memberships, and collect outstanding balances by text, email, or directly through your website. All payments post to Open Dental automagically!

Bridge Features

Bridge gives you 6 convenient ways to collect payment from your patients, all fully integrated with Open Dental.

In-Person Payments

Send a payment from any computer to any of your Poynt smart wireless terminals, giving you complete payment flexibility within the practice.

Virtual Terminal (Card on File)

Quickly take payment over the phone and store the patient's card on file for future use.

Automatic Payment Plans

Spread outpatient treatment costs with flexible recurring payments. You set it up, and Bridge will do the rest.

Membership Management

Better serve your uninsured patients, increase your production, and grow your revenue. In-house membership plans have never been more accessible.

Pay by Text or Email

Say goodbye to chasing down payments by phone. Give your patients the convenience to pay outstanding balances via email or text.

Online Payment Form

Add a form directly on your website, giving your patients another convenient way to pay their balance.

[Open Dental and Moolah Partnership](#)

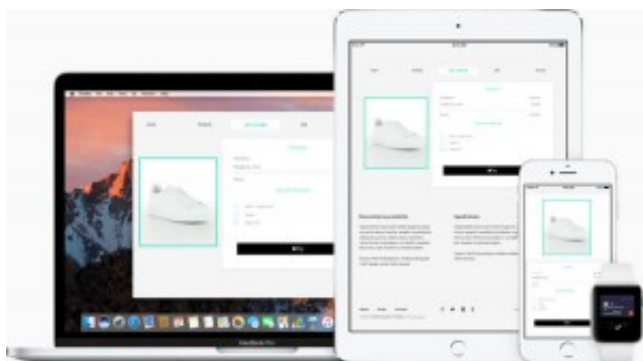

Open Dental in partnership with Moolah provides powerful, flexible dental practice management software at an affordable price.

Moolah is modernizing payments for dental practices by offering integration with leading dental solutions, a FREE wireless smart terminal, a single flat rate, and no monthly fees or contracts.
