

William R. Sloan, MD, a Urologist with Glendale Adventist Medical Center

Get to know Urologist Dr. William R. Sloan, who serves patients in Glendale, California.

New York City, New York Dec 28, 2021 ([IssueWire.com](http://www.IssueWire.com)) - A board-certified urologist, Dr. Sloan is affiliated with Glendale Adventist Medical Center in Glendale, California.

“My associate and I evaluate and treat most urological conditions, and have a special interest in minimally invasive techniques such as the use of the Da Vinci Robot in surgical procedures including female and male incontinence and cancer surgeries. We see patients of all ages and treat both men and women. I do hold every single patient responsible for being involved and informed about their urological condition” expressed the doctor.

With a broad educational background, Dr. Sloan graduated with his medical degree from the University of Chicago Pritzker School of Medicine in 1967. He completed his internship at the Michael Reese Hospital and Medical Center in 1968, followed by two consecutive residencies in general surgery and urology at the Johns Hopkins Hospital in 1971 and 1975, respectively. Finally, he completed his fellowship at the James Buchanan Brady Urological Institute.

Recognized as a Fellow of the American College of Surgeons (FACS), the doctor is board-certified in urology by the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, and working with certified urologists to achieve lifelong learning to ensure the delivery of high quality, safe, and ethical urologic care.

Among his other roles, Dr. Sloan maintains hospital privileges at Glendale Memorial Hospital, USC Verdugo Hills Hospital, Temple Community Hospital, California Garden Grove Hospital and Medical Center, St. Joseph Hospital Orange, LAC+USC Medical Center, and St. Mary Medical Center Long Beach.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.
