

An Overview of Malang Fest by Bmsrdnationalcollege

The BMS department of R.D National College present their annual inter-collegiate extravaganza. A Festival, A Gathering and a Union of like minded students from colleges across Mumbai, to come and compete in high spirits to win the final shield .

Mumbai, Maharashtra Jan 13, 2022 (IssueWire.com) - "**MALANG**" is an annual spectacular organized by the department of Bachelor of Management Studies (B.M.S) of the R.D National College. College fests are always exciting fun and are an important part of the lives of students. As with books and exams, even Fest and fun are extremely important and boost the confidence and social life of students. Our Fest "MALANG" is all about enjoying life to the fullest and exploring yourself. Our theme "**EXPLORE THE WORLD**" will Ignite the souls and allow us to explore further and dive deeper into ourselves and the world. For the past 2 years, everyone has been at home due to Covid – 19, this pandemic drastically affected everyone's life. Most people faced depression and anxiety. We lost our social interactions with people and the World. In this situation, 'MOBILE PHONES became Our World where everything was available at our fingertips. Now it's time to experience the world in reality, Its richness, culture, and nature are what we need to experience and mesmerize.

This intercollegiate fest offers Academics, Sports, Cultural, and Fine art events. Malang provides an opportunity as well as a spotlight to youth to discover what they are best at and unlock the doors of their life. Each student cherishes the memories of the college fest. This is the very first time Malang will take place and just like its name, it will bring excitement and lots of fun into the mundane lives of the students. Malang (fest) has also taken the initiative support to and promote "**Gender Equality**". Many people have raised their voice to treat each and everyone equally, but still, the desired change cannot be seen and people are still in their long established beliefs. Each and every human has the right to be treated equally regardless of their gender or any other aspect. Educating the youth about Gender Equality is important for a better future and the upcoming youth.

In the end, Let's make the best of the opportunity Malang fest provides and unleash ourselves and be blissful. **The best and most beautiful things in the world cannot be seen or even touched, they must be felt with the heart – Helen**
