Listen [HERE](#) now!

**Aemzo's 11th single, different from all her other self-produced tracks, blending pop, DNB, and Hip-hop.** If this doesn't make you want to bust your way out of lockdown and go and dance until sunrise, we don't know what will. The energy and intensity of the production are exquisite, written at the peak of the pandemic.

**'My new track colours is like my love letter to music, "The lightning to my thunder". When I'm creating I am literally on my own Planet B where time doesn't exist, sound becomes color and I am but an artist just painting a picture. - AEMZO**

**Aemzo** has a rare raw unique soulful sound with a **rocketing frequency that just blows the roof off.** Joining the legacy of **trendsetting, boundary-breaking female artist-producers** with an ever-evolving creative direction. **Fire rap flows** and heart-wrenching authentic lyrical content. **Firmly establishing her own lane in the industry. A futuristic electrical storm, she is the one to watch!**

**'I started raving when I was 17 I went to warehouse spots in Tottenham Hale. I got to see some epic live drum and bass and as my first instrument was drums, this absolutely changed my world, landing my influences in a whole new dimension'. - AEMZO**

It is clear her passion for music has no boundaries, her eclectic taste has been influenced globally, **her well-traveled gypsy soul and free spirit shine through every song.**

**'Have you ever loved something or someone so much that you would walk to the end of the earth for them? Better still, even if the world burnt down around you, if you were with that person or doing that thing, you would be happy to burn too? That's how I feel about music, I came into this world with my heart beating like a drum, and I will continue to be the music until death does us part, but even then, my legacy will live on'.**

**'Colours' will be available on all streaming platforms on January 21, 2022.**

Produced and written by Aemzo at Planet B. Studios.

Recorded at Manor Studios Co-Produced by Rob Jones
