When Raymond was four he died and then returned to life. When he came back he was accompanied by several angels. He was blessed to have the psychic insight that he does now but when it initially happened he was afraid because he was seeing people's spirits, thoughts, and emotions. He finally became aware of his gift from his great-grandmother who had passed away. Upon meeting her spirit for the first time she invited him to communicate with her where she made him aware that this gift was hereditary. It was only to be used for the benefit of others.

He stopped being afraid of his gift and from that point on he used it as it was meant to be used. A higher power had granted him communion with the angels who spoke to him and sent messages to those who needed it. His angels became his constant companions. Always, their messages were accurate, validated by the person he was talking to. Be it love career or finances Reverend Raymond Rose has a special message for all those seeking his advice. Now you have the opportunity to test his angel guides and learn what message they have for you. By getting your [free psychic reading](#) you will have access to Raymond's talents.
