

## Argus Systems to participate at World Police Summit

Argus Systems along with its strategic partners Video Internet Technologies & Outlook Limited will exhibit their law enforcement & smart city solutions at World Police Summit hosted by Dubai Police

The banner is set against a dark blue background with a circular pattern. At the top left, it features the Dubai Police logo in Arabic (شرطة دبي) and English (DUBAI POLICE) next to a white laurel wreath emblem. To the right is the World Police Summit logo, which consists of a stylized white wave icon above the text 'WORLD POLICE SUMMIT' and the tagline 'SMART. SECURE. TOGETHER' below it. The central text, in white, reads '14 - 17 MARCH 2022' and 'DUBAI EXHIBITION CENTRE - EXPO 2020, DUBAI'. Below this, in large white capital letters, is the text 'THE LEADING GLOBAL MEETING PLACE FOR POLICING AND LAW ENFORCEMENT'. At the bottom, a white rounded rectangle contains the text 'CONFIRMED EXHIBITOR' in blue. On the left of this rectangle is a photograph of a man in a black polo shirt with a small logo on the chest. To his right is the Argus Systems logo, which features a stylized eye with a rainbow iris and black radiating lines, followed by the text 'ARGUS SYSTEMS' in large orange and black letters, and the tagline 'TRANSFORMING LEGACY REDEFINING FUTURE' in smaller black letters below it.

**Dubai, United Arab Emirates Feb 28, 2022 ([Issuewire.com](http://Issuewire.com))** - Argus Systems announced today that it will be participating in the World Police Summit the leading Global meeting place for Policing and Law Enforcement hosted by Dubai Police being held at Dubai Exhibition Center Expo 2020 from the 14th to 17th March 2022.

Argus Systems has partnered with Video Internet Technologies Ltd (VIT Ltd) & Outlook Limited to showcase and exhibit state of the art all in one multi vision visualization. Law enforcement & Smart City Solutions are designed specifically for addressing a variety of use cases such as Homeland Security, Policing, Aviation, Transportation & Mobility applications.

Argus will be represented at the show by their management team and companies' top executives Rohit Khubchandani – Chief Executive Officer, Yuriy Bukhtiyarov – Chief Technology Officer.

Being Argus Eyed we are keen sighted, observant, and vigilant. Our ability to have infinite Awareness, Understanding, Insight and Universal Knowledge opens doors to unlimited possibilities, our objective to attend the inaugural WPS is to drive our mission which goes like this - ***“We are on a mission to transform legacy to redefine the future by utilizing state of the art technological advances to increase productivity, reduce time to market, delivering instant Return on Investment (ROI) by delivering ML & AI based solutions to our customers”***

“We are very excited to announce our participation at the World Police Summit a first of its kind global platform in the Middle East Region for policing and law enforcement hosted by Dubai Police, we will be showcasing our state-of-the-art multivision all in one visualization & smart city solutions,” said Rohit Khubchandani.

### **About World Police Summit**

The World Police Summit is the global meeting place for senior, international police, and law enforcement officials and professionals to connect with governments, policy makers, and sector professionals to discuss the key priorities shaping the future of policing.

As a platform for consisting of an exhibition & conference, the Summit will provide police and law enforcement agencies the opportunity to source the latest technologies, debate key trends and address the challenges and priorities created by smart cities, cybercrime, rapid population growth and urbanization, evolving digital technologies, resource scarcity and the post-pandemic impact on public safety and security.
