

## CRICKET TOKEN - Best Sport Token Of 2022 With Shared Tokenomics.

Cricketers make millions ..Why not Fans!

**New York City, New York Feb 23, 2022 ([Issuewire.com](https://www.issuewire.com))** - The cricket-Token decentralized cryptocurrency was created in December 2021 and Cricket Token is an entire ecosystem of coins that interlink with shared Tokenomics.

The concept is that each team coin, released in the ecosystem benefits from the already existing coin.

Today, the cricketing world is split across several geographies, several ecosystem partners, and its value is not realized fully. The fans, players, and clubs cannot interact globally easily due to several difficulties – ranging from operational, technical, contractual, etc.

Cricket makes everything seamless – globally.

The Cricket-Token brings together the Cricketing world. For all use cases from Digital Collectibles, Ticketing, Merchandising, Fantasy Sports, eSports, & Licensing

it aims to become a place for the future of the sport...

Cricket-Token has released a white paper outlining details of its token structure and Plans.

Cricket-Token will have its own:

Decentralized swap

Wallet which will have users track their rewards gained from reflections, wallet balance, coin valuation, and keep crypto assets.

NFT marketplace. where users can create and buy/auction their own Cricket NFTs and plan to allow users to donate a % to helping nonprofit charity organizations.

Cricket App, where Cricket Fans can select their favorite team and players, track scores, and win big.

the Platform Aims to reduce the gas fees and royalties fees by introducing built-in APIs by Partnering with Companies specialized in creating Crypto APIs to support new platforms using blockchain technology.

Cricket-Token is also seeking and partnering with Cricket fans to share their Cricket rare collection and mint them on our NFT Market Place for free.

Airdrops will still be running on
