

Demetrius Thigpen Is Breaking New Ground With Unscripted Podcast, "Extraordinary Thoughts For The Ordinary Mind"

Detroit, Michigan Feb 14, 2022 (Issuewire.com) - Demetrius Thigpen (formally known as Meech Speaks) is changing the way we consume our dose of reality. Thigpen is the host of “[Extraordinary Thoughts For The Ordinary Mind](#)” a podcast geared toward uncovering topics such as health, relationships, self-love, and mental health. Thigpen started the budding podcast while transitioning into becoming a [motivational speaker](#).

As a 13-year veteran of the U.S. Marines, Thigpen has taken his real-life experiences and formulated them into consumable content anyone can use to change the outcome of their circumstances. Thigpen is also the author of “[The Extraordinary Thought From An Ordinary Mind](#)” and the host of “[The Not So Meritorious Podcast](#).”

I always knew I wanted to lead Marines, but I had to figure out the internal aspects. Before I received a leadership position, I would organize my peers at my rank level and get them to do various tasks. Once I gained the respect of my peers, my superiors started to notice me, which opened up a wealth of opportunities.
