

## **Domenick Sportelli, DO, a Psychiatrist with MedCircle**

Get to know Psychiatrist Dr. Domenick Sportelli, who serves patients in Boonton, New Jersey.

**New York City, New York Feb 16, 2022 (IssueWire.com)** - Dr. Sportelli is widely sought-after for his expertise on the latest in medical behavioral health, child/family psychiatry, and neuropharmacology. His caring, warm, and logical approach to education, diagnosis, and treatment make it easy for viewers of MedCircle to get the in-depth education they need in order to make the next right step. From attention-deficit/hyperactivity disorder to bipolar disorder, he is one of the nation's go-to experts for mental healthcare.

MedCircle provides access to the world's greatest minds in mental health through engaging interview-style video series, virtual live classes, and in-depth articles on important mental health topics. They believe that people who become highly educated about mental health can improve both their lives and the lives of the people around them. While treatment, medication, and therapy are all crucial components to mental wellness, the often forgotten step to optimal mental health is quality education.

Back in the early days of his academic career, Dr. Sportelli graduated with his Doctor of Osteopathic Medicine degree from the New York Institute of Technology College of Osteopathic Medicine. He completed his residency in psychiatry at Montclair State University and completed a mini-fellowship in brain stimulation at Columbia University.

In pursuit of clinical excellence, the doctor is board-certified in psychiatry by the American Board of Psychiatry and Neurology (ABPN). The ABPN is a not-for-profit corporation dedicated to serving the professions of psychiatry and neurology.

Professionally, he is also an attending physician in consultation psychiatry at multiple hospitals and appears on national networks and media outlets to spread mental health education.

Psychiatry is the medical specialty devoted to the diagnosis, prevention, and treatment of mental disorders. These include various maladaptations related to mood, behavior, cognition, and perceptions. Psychiatrists evaluate, diagnose, and treat patients with mental, emotional, and behavioral disorders. They conduct thorough psychiatric evaluations, develop treatment plans, prescribe medication, and evaluate treatment results.

On a more personal note, Dr. Sportelli has three children.
