Seoul, South Korea Feb 14, 2022 (Issuewire.com) - Today, Publisher and mobile game developer FourThirtyThree Inc. (4:33) introduced a fresh update to Boxing Star's Rival Mode.

The Rival Mode has a total of 6 levels, going from Lv1 to Lv6 Master League. Players are required to defeat Powerful NPCs (non-player characters) to reach the next stage.

Until March 10, a Boss Mode Event will feature the world's toughest villain, El Cucuy. Players will face El Cucuy on a special rooftop stage, pitting themselves against his strategic attacks, flashy skills, and powerful gear.

To kick off February with a bang, 4:33 also announced a Daily Login Event, which will include heaps of in-game rewards. Players completing in-game missions will be rewarded with points that can be exchanged for in-game items.

Developed by 4:33, Boxing Star features an immersive story and interactive gameplay in which players fight through multiple tournaments. Boxing Star has proven a popular title in the two years since its launch, racking up more than 40 million downloads on Google Play.
