

Truth Social Token has launched on Pancakeswap

Palm Beach, Florida Feb 9, 2022 ([IssueWire.com](https://www.issuewire.com)) - Truth Social Token has launched its token **MTGA** on PancakeSwap.

<https://pancakeswap.finance/swap>

The aim of this token is to fight the Fake News and to Make Truth Great Again! The big conglomerates have a monopoly on what people hear and see in the media. Fake news and oftentimes fake narratives that they want society to repeat are repeatedly distributed via the fake news channels and multimedia outlets.

Many very powerful and strong voices are often silenced by these outlets which have a monopoly on how the everyday citizen gets their news, thus leaving people with no choice other than to accept what they are being fed.

Truth Social Token byways of the MTGA token available on PancakeSwap will support news outlets that want to fight back against censorship, lifetime bans, and other methods that the fake news agency use for suppression.

Join us in our fight to Make Truth Great Again! The time is now! Let's have a great conversation about how we can take back our Country from the Fake News and MTGA! More information will be released soon via our websites, and Social Media channels. Stay tuned, the fight for Truth is just getting started.

Please be aware of scammers and fraudsters. The official token address is
