

## Utah Bid Bonds, Payment, Performance and Other Surety Bonds Services Expanded For Construction Contractors

Contract bond broker creates Utah bid bond, performance bond, payment bond and grading bonds information pages to assist construction contractors, subcontractors and subdivision developers.

**Newport Beach, California Feb 17, 2022 ([Issuewire.com](http://Issuewire.com))** - To enhance Utah construction bond services offered to Utah-based construction contractors, subcontractors, and subdivision development contractors White Lion Bonding & Insurance Services announces new information website pages on bid bonds, performance bonds, payment bonds, material labor bonds, and other related construction surety bonds. Free consultation and construction surety bond quotes are available for contractors bidding and working on construction projects in Utah and all other states. For more information call:

(949) 258-9800.

White Lion Bonding is a full-service surety bonds broker. They work with engineering contractors, construction contractors, public works construction contractors, general building trade construction contractors, subcontractors, and subdivision developers.

All related construction contract bonds including bid bonds, payment bonds, performance bonds, grading bonds, maintenance bonds, and material labor bonds can be provided for all types of construction projects. The company has streamlined the construction surety bond quote, application, and approval process to provide clients with fast, efficient, personalized bond underwriting brokerage

services.

White Lion can underwrite and issue in the house all types of construction surety bonds for subdivision development, multi tract homes, private and public works construction projects throughout California, Arizona, Nevada, Oregon, Idaho, Utah, and all 50 states.

The company can provide heavy construction surety bonds, civil engineering general contractor bonds, heavy construction contractor bonds, and general engineering contractor bonds for contractors and subcontractors working on railroad beds, locks and dams, power plants, sewage and water treatment plants, roads, and highways, bridges and other large civil engineering heavy construction projects.

White Lion Bonding & Insurance Services helps construction general contractors, building contractors, public works contractors, subcontractors, and subdivision developers get the best suited and most cost-effective performance, bid, payment, labor material, and other surety bonds available for their project.

For more information on Utah construction surety bonds visit:
