Avondale, Arizona Mar 25, 2022 ([IssueWire.com](https://www.issuewire.com)) - Author **Serag Monier** has come up with his latest book '[A Pacific Love](#)'. The readers will see a love story of a woman with a dolphin whom she has found more worthy to fall for than men. Although she was hurt by men in her life, she chose to keep her heart open and believe in true love. Her belief leads her to a beautiful journey where something very special happens that she barely could imagine. In their life's journey, she meets a Dolphin. She changes the way the Dolphin thinks of humanity. The book is a romantic fantasy book for adults that tells a unique story of love that defies every boundary.

The book not only brings a love story of two different species but also delves deep into the mind of the female protagonist. It brings out different feelings and emotions of the lady. Moreover, the story acquaints the readers with a peaceful landscape and makes the readers visualize every aspect that he has described in this book. The story also spreads the message of positivity and hope in times of utter disappointment. The woman in the story almost believes that men are heartless and the dolphin is also certain that humans are savages. The book breaks into this belief and misconception of both the characters and leads them in the right direction of hope and happiness thereafter.

Although both are frustrated, they are undeterred in not giving up happiness. Their quest for happiness continues with their rewarded visit to the magical island. This trip has changed their lives of them forever. These two disappointing hearts have discovered life with new possibilities and hopes. In a word, this book will encourage readers to look up for love, never lose hope and keep up their quest for happiness. Moreover, the book also gives the readers an opportunity to go deep inside the minds of the characters portrayed in the book. So, one must read the book to unveil the full story of '**A Pacific Love**' by **Serag Monier**. The book is available on Amazon.
