

## **Bio-Science Marketing Sdn Bhd is recognised as one of the Top 500 “High-Growth Companies Asia-Pacific 2022”**

# Bio-Science Marketing Sdn Bhd is recognised as one of the Top 500 “High-Growth Companies Asia-Pacific 2022”

We are truly honoured to announce that **Bio-Science Marketing Sdn Bhd (BSM)** is recognised as one of the Top 500 Companies in the “High-Growth Companies Asia-Pacific” ranking list, published by the Financial Times and Statista.

The Financial Times, in partnership with one of the internationally recognised research providers, Statista, has published the “High-Growth Companies Asia-Pacific” ranking after conducting researches into thousands of companies headquartered in 13 different countries within the Asia-Pacific region. The participating companies have been ranked according to their Compound Annual Growth Rate (CAGR) from year 2017 to 2020. Only the Top 500 Companies with the highest CAGR will be incorporated in the ranking.

**BSM**, founded in 1999, with 23 years of experience and expertise in the health supplement OEM/ODM industry, has been honoured with five well-recognised awards for its outstanding performance. **BSM** currently consists of 45 professionals, and 80% of them are of qualified nutrition related background. The company has 500 types of raw materials from all over the world and 100 of them are branded or patented ingredients with proven clinical studies. **BSM** has a total of 150 MAL products registered with the Ministry of Health Malaysia and 100 unique and innovative formulae ready to be launched. The company is currently collaborating with more than 50 clients on developing and supplying more than 150 active products in the market and expects to launch at least 30 new health supplement products annually.

The core business of **BSM** is to develop various types of effective health supplements and assist the valued customers in expanding the market share efficiently by providing one-stop and highly customised health supplement OEM/ODM services.
