

## Celebrity Ghost Hunters Return to Bobby Mackey's

Ghost Hunt Weekends brings the Stars of TV's Haunted Towns to Bobby Mackey's Music World for fan event

**Frankfort, Kentucky Mar 13, 2023 ([Issuewire.com](http://Issuewire.com))** - Ghost Hunt Weekends, the world's leading paranormal event company, has announced a celebrity ghost hunt with the stars of Travel Channel's TV Show "Haunted Towns" to be held at Bobby Mackey's Music World on May 4th and 7th, as well as October 12th and 15th of 2023.

Ghost Hunters and paranormal enthusiasts will be treated to an evening of Photos, Autographs, Meet & Greet as well as an opportunity to ghost hunt alongside the Wraith Chasers, just like they do on the show.

The Wraith Chasers have firsthand knowledge of its dark and menacing history and haunts. Bobby Mackey's has been featured on several paranormal TV shows. The teams of investigators spent the night using all kinds of experimental equipment and ghost hunting techniques in hopes of capturing some paranormal activity.

"This place was operated as a slaughterhouse, casino, nightclub, and now a music hall and tavern. ", said Chris Smith, founder of the Wraith Chasers. "So you know this place has soaked up a lot of energy" Smith added.

Built in 1850, the site was originally used as a slaughterhouse and later torn down for construction of a roadhouse that took on various names until it was purchased in 1978 by country music singer Bobby Mackey. With all the satanic cult activity, murders, suicides and demonic possession that occurred on and around the property it is easy to see why Bobby Mackey's has earned the nickname "The Most Haunted Night Club in America".

Bobby Mackey's Music World is located 44 Licking Pike in Wilder, Kentucky.
