Modest nature and the pure desire to thrive in the music industry are driving New York rapper B Billz towards the top of the musical space. The artist is a genius.

New Haven, Mar 15, 2022 (Issuewire.com**)** - Talented rapper B Billz has been elaborating the modern essence of rapping with the top-notch productions he is coming up with. The artist is best known for his seamless rapping that matches the flow and rhythm. The meaningful rap lyrics from the artist are a highlight of his talent and experiences in life. The artist's recent album 'The Right Time' comprises 9 powerful tracks, which are topping several music charts for the artist's unmatched

presentation style.

The 33-years-old American artist also specializes in multiple musical genres like Drill, Pop, and R&B. The tracks **'Where They At'** and **'Such Ah Vibe'** from the artist's new album are making a place in the hearts of many admirers of the artist throughout the world. The calming beats and the crisp music bring a unique listening experience. Listeners can delve themselves into the rich rapping from the artist. The collaboration with another famous artist Vonte in one of the tracks makes it an enthralling one.

B Billz is an artist who is soft from his heart as he took a 2-year break from the music world for helping his mother financially. The artist once again got encouraged by his friends who pushed the artist to once again roll the dice in the music industry with his works. The artist always comes with something new for his fans and followers every month. All the tracks including **'Where They At'** and **'Such Ah Vibe'** from the new album are streaming on Spotify. Do not forget to check out the artist's profile for more.
