

Integrated Wellness Care Management Solutions Expanding and Enhancing Managed Care Services

Renton, Washington Mar 4, 2022 ([Issuewire.com](https://www.issuewire.com)) - Integrated Wellness Care Management Solutions leader in concierge case management services, holistic care coordination, veteran case management services, and pediatric case management program has announced its addition to providing managed care services, including its [nursing home placement services](#), Case Management, and 24-hour Nurse Triage. Although the financial terms were not disclosed, with this expansion and enhancement, Integrated Wellness Care Management Solutions furthers its position as a market leader in offering appropriate care management services that can help healthcare Organizations lower their costs. While this transaction expands the range of nurse care management services the service provider offers its markets while continuing to enhance its inner capabilities. “Adding these services to Integrated Wellness Care Management Solutions was a natural fit for the business,” said Lylia Nichols, Integrity Nurse Consultants President, and CEO. “We are determined to offer better claim outcomes and make additional value for Americans living with chronic physical and mental health conditions. The transaction expands and enhances our industry-leading expertise in medical cost containment and clinical solutions.” Based in Renton Washington, Integrated Wellness Care Management Solutions has served the industry for more than 17 years and offers the above-listed services. The company has skilled and trained professional nurses serving their customers. “Integrated Wellness Care Management Solutions has created a reputable market position over the years, building up long-term relationships with their clients which is consistent with their culture,” said Lylia Nichols, BSN, RN, President, and CEO. “Integrated Wellness Care Management Solutions is very happy to

provide managed care services and we continue to lead the way in helping patients manage medical costs. “This will help us offer our clients an expanded and strengthened service as we are confident that we will create increased value for all parties.”
