

Khaldoon W. Shaheen, MD, FACP, a Nephrologist with Ohio Kidney + Hypertension Center

Get to know Nephrologist Dr. Khaldoon W. Shaheen, who serves patients throughout the State of Ohio.

New York City, New York Mar 4, 2022 ([IssueWire.com](https://www.issuewire.com)) - A board-certified and fellowship-trained nephrologist, Dr. Shaheen is in practice at Ohio Kidney + Hypertension Center, seeing patients at their Fairview Park and Lutheran Hospital offices.

The Ohio Kidney + Hypertension Center (OKHC) is a nephrology group practice with seven physicians and four nurse practitioners to serve twelve locations throughout Northeast Ohio. Their board-certified physicians offer compassion and distinguished care to patients living with the effects of kidney disease and hypertension. Established in 2014, OKHC is dedicated to providing the best treatment possible for each individual patient.

A native of Iraq, Dr. Shaheen graduated with his medical degree from the University of Mosul in 1998. Upon relocating to the United States, he completed his residency in internal medicine at the St. Vincent Charity Hospital in 2012, and his fellowship in nephrology at the UH Case Medical Center in 2016.

A Fellow of the American College of Physicians (FACP), the doctor is board-certified in nephrology and internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Among his other roles, he can be found on staff at St. Vincent Charity, Fairview, Lutheran, Medina, Marymount, South Pointe, Hillcrest, Southwest General, Regency, Kindred, Grace as well as UH Parma Medical Center.

Nephrology is a specialty of medicine and pediatrics that concerns itself with the kidneys. It is the study of normal kidney function and kidney disease, the preservation of kidney health, and the treatment of kidney disease, from diet and medication to renal replacement therapy. Nephrologists have advanced training in treating kidney disease. They diagnose and treat kidney failure, as well as help patients by prescribing medications, offering special diet advice, and coordinating dialysis care or kidney transplantation when it becomes necessary.

On a more personal note, Dr. Shaheen is fluent in both English and Arabic.
