

Billionaire Tigers & Saving Tiger Society Partnered together to Make A Difference

New York City, New York Apr 8, 2022 ([Issuewire.com](https://www.issuewire.com)) - [Billionaire Tigers](#) is a well established NFT project working with a social cause of saving the tigers and that helps Earn Passive Income- With staking chances, stunning NFTs not only look incredible, but they also produce tiger tokens every week and **Saving Tiger Society** is a nonprofit organization dedicated to the cause of wildlife conservation.

The direct connection between **Billionaire Tigers** and **Saving Tiger** is their mutual objective to Save Tigers and establish this project to create a sustainable habitat for them which would also allow NFT holders to earn passive income.

More about **Billionaire Tigers**: If you are looking to add to your collection? Then the company will show you how to do it in a very straightforward manner. If you already have two NFTs and want to grow your collection, simply breed another baby tiger, which will reward you with extra passive money. You will need 500 tokens to start breeding another baby tiger due to the high energy levels required by the breeding process; however, after owning three NFTs, your passive income levels will rise. If you will purchase a Tiger NFT then some percent of that amount will be used to Save Tigers.

[The Saving Tiger Society](#) is an NGO dedicated to wildlife protection.

Their work is mostly focused on the ground, and the projects we implement genuinely help to reduce human-animal conflict and loss of life.

The work and projects are quite involved, and they provide a sense of accomplishment that comes from the success and positive end of each project's completion and feedback.

These incredible NFTs of Tigers were specially designed because of a very major reason which is that **according to the Chinese Calendar, 2022 is said to be The Year of Tigers.**

Few insights: **Billionaire Tigers** is running a Whitelist Campaign that will end on April 13th. Users are requested to join the [Discord server](#) in order to be whitelisted.

Perks

In the NFT world, a whitelist is a list of people who have early and guaranteed access to the mint at a specific date and time. Whitelisted users can also mint those NFTs at a lower cost.

Billionaire Tigers is also planning to release Tokens, now this is something interesting that tokens will be acting as a bonus and will be given to special users who have been holding NFT's for a longer period of time depending on the value at the moment.

The Hold Value of the stakes will also be increasing with the period of time and will be beneficial for the NFT holders.

The specific correlation between Billionaire Tigers and Saving Tiger is their common vision of saving tigers and establishing this project to maintain a successful ecosystem for them as well as NFT holders will have the golden opportunity to earn additional income.
