

## **BNCM will launch GIGSBOSS by June 2022**

GIGSBOSS will launch GIGSBOSS by June 2022. GIGSBOSS is a platform that allows freelancers to submit their profiles and search for projects for free and for customers to submit their projects and search for freelancers worldwide for free.

**Reno, Nevada Apr 8, 2022 ([IssueWire.com](https://www.issuewire.com))** - Bounce Mobile Systems, Inc. (BNCM) today announced that it will launch GIGSBOSS officially by June 2022. BNCM has formed a partnership with Servebank Financial Inc. (SERVEBANK) and British Cambridge College (BCC) to develop a platform for freelancers worldwide in January of this year.

**GIGSBOSS** is a platform that allows freelancers to submit their profiles and search for projects for free and for customers to submit their projects and search for freelancers worldwide for free. The platform enables people the opportunity to offer their talents and skills and the freedom to work anytime and anywhere while enabling companies to secure the best possible talents for their projects within their budgets.

There are an estimated 1.2 billion freelancers around the world or nearly 1/3 of the total global workforce. It is estimated that around 60 million Americans are reported to have freelanced in 2020 or around 36% of the overall American workforce and contributed \$1.20 trillion to the economy. This increase is fueled by highly skilled young professionals seeking a more flexible working environment than the current working tradition.

**BNCM** is forming strategic partnerships with different organizations to successfully secure freelancers in its aim to achieve over 500,000 active freelancers worldwide. Just recently, GIGSBOSS has forged strategic partnership agreements with Christian Church Fellowship International (CCFI) and 1Digital Technologies Corp. (1DIGITAL) to aggressively promote GIGSBOSS.

CCFI is a registered faith-based organization and currently has 101 churches across the Philippines and 9 international churches and missions in Australia, Cambodia, Canada, New Zealand, Pakistan, South Korea, Switzerland, Thailand, and Uganda with 380 pastors and over 1.5 million members worldwide. CCFI is involved in various community projects from education, elderly care, employment, feeding, and livelihood to medical and youth.

1DIGITAL is engaged in business development, digital marketing and transformation, training, and consultancy. 1DIGITAL will mobilize its resources and networks to promote and secure freelancers for

GIGSBOSS with its mission of assisting communities with training opportunities and the capacity to produce income.

BNCM and GIGSBOSS CEO, Hatadi Shapiro states, “Our mission is to improve the economic well-being of communities across the world and reduce unemployment and poverty by creating economic opportunities for them. GIGSBOSS aims to achieve over 500,000 active freelancers by end of the year through strategic partnerships with various business associations, colleges, corporates, cooperatives, non-governmental and non-profit organizations, etc.”

BNCM's roadmap is to put together significant partnerships and resources for the growth and success of GIGSBOSS and hopes to secure its listing on NASDAQ within the next 5 years.

### **About Bounce Mobile Systems, Inc. (OTC: BNCM)**

BNCM is an Asset Management Company that secures its assets by investing in companies with strong growth potentials, robust revenues, significant profits, proven track records, and promising business models with highly experienced management teams that will exceptionally qualify for quotation and or listing on the OTC and or NASDAQ Markets within the next 2 to 3 years. The growth of these companies will directly provide more employment opportunities to the communities, improve the economy of the country and bring greater social change to humanity.
