

Daniel C. Block, DDS, a Dentist with Metro Smiles Dental

Get to know Dentist Dr. Daniel C. Block, who serves patients in Forest Hills, New York.

New York City, New York Apr 22, 2022 ([IssueWire.com](https://www.issuewire.com)) - Dr. Block has been serving the dental needs of Forest Hills and Rego Park communities at Metro Smiles Dental for the past 30 years with the most technologically advanced techniques available in dentistry today. He provides general preventive and emergency dental care, including cleanings, root canals, CEREC crowns, laser dentistry, digital X-rays, and gum surgery. He specializes in pain management and cosmetic procedures, such as Invisalign®, bridges, and teeth whitening.

Metro Smiles Dental is a Forest Hills-based family dentist practice that treats patients of all ages. They are committed to delivering the highest quality dental care and do so using state-of-the-art dental equipment. They are a cosmetic dentist that offers services like checkups, teeth cleaning, crowns, veneers, and more.

Throughout his academic career, Dr. Block received his Bachelor of Arts degree in Biology from the CUNY Queens College in 1987. Having decided to embrace a career in dentistry, he earned his Doctor of Dental Surgery degree from the New York University College of Dentistry in 1992 and completed his general practice residency at Jamaica Hospital in 1993.

An expert in cosmetic procedures and pain management, he is an advocate of using the most advanced technologies available in the field of dentistry. To complement his work at Metro Smiles Dental, he serves as an international consultant for the development of cutting-edge dental technologies, such as better x-rays and laser systems.

A prolific lecturer, Dr. Block has recently spoken at the World Fair of Dentistry. In the past, he has lectured for Biolase (dental laser systems), Patterson Dental (Cerec CAD/CAM Dentistry), and Schick Technologies (digital X-ray system).

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

On a more personal note, Dr. Block speaks both English and Hebrew.
