### **Your Support Can Make a Difference**

By supporting local charities, you can see the impact your donation makes. Local charities often have much smaller budgets than larger national charities. This means that your support can truly make a difference. At 4MyCiTy, we keep you up to date on all activities that our funding is assigned to while helping support community residents. When you make a donation to 4MyCiTy, you can see exactly where your money is going all while contributing to the growth of your local area.
