

## JIYAR Bio, Age, Nationality, Early Life and Music Career.

Paris, France Apr 1, 2022 ([Issuewire.com](https://www.issuewire.com)) - **Shahram Etemadi Rad**, professionally known as, **JIYAR** was born on May 14, 1976, in Tabriz-IRAN. He is an actor, global singer, and songwriter.

**Early Life.**

JİYAR began his career starring in the 1989 film Ball directed by YADOLLAH NOASRI. it was then that he realized he had acting talent. Then he continued to play in the theatre.

### **Music Career.**

He embarked and realized his interest in music when he was 14 years old and began to learn and play piano after that he got some academic courses to learn it in a professional way. He dreamt of producing background music for films and theatres.

shortly after completing his academic studies, he began to make background music for short films and theaters. Due to the situation of his country's music market, he started working as a Software Developer. After years of experience working as a software developer, he went back to music because of his passion for music. His first official song "Chargin d'automn" (English: Autumn Grief) was released in Feb-2022, a combination of French and Persian music culture. Fortunately, he is here today with all his ability and looking forward to advancing and progressing in the music industry.
