Vigilant selected as a Representative Vendor in 2022 Gartner® Market Guide for Oracle Cloud Infrastructure

Vigilant's selection reinforces its reputation as the preferred Oracle partner in North America that delivers premium advisory, professional and managed services to enterprises.

Troy, Michigan Apr 8, 2022 (Issuewire.com**)** - Vigilant Technologies, a leading provider of Oracle Cloud Infrastructure professional and managed services, today announced that it has been selected as a Representative Vendor in the 2022 Gartner "Market Guide for Oracle Cloud Infrastructure Professional and Managed Services" report."1

Gartner defines OCI professional and managed service providers as those which "combine expertise in Oracle solutions and OCI with skills in managing private infrastructure, hybrid IT, multi-cloud and distributed cloud to provide strategic and operational assistance as clients define and realize their cloud goals with OCI."

Vigilant has been experiencing significant growth across Oracle applications, evolving technologies, and on-premises and Cloud infrastructure areas to become one of the preferred Oracle Partners in North America. Vigilant's inclusion on the list of OCI representative vendors recognizes several of the company's key attributes, including:

- Extensive capabilities of migrating and managing Workloads on Oracle cloud platforms
- Ability to deliver transformative projects across a regional and global enterprise, including international rollouts.
- Recognition as an Oracle Cloud Solutions Provider Expertise certified partner
- Demonstrated success across multiple geographies, verticals, and peripheral technologies
- Referenceable customers

Vigilant delivers end-to-end consulting and implementation solutions, for global and regional customers, solves business-critical challenges across the integrated enterprise. Vigilant brings a unique focus on delivering business agility through the acceleration of data while reducing operating costs. Vigilant is an Oracle Cloud partner certified with extensive experience in Oracle EBS/analytics, OCA (SaaS), and OCI.

"We consider that this Gartner recognition of Vigilant OCI capabilities is a reflection of our demonstrated ability to help clients achieve end-to-end business transformations by integrating and optimizing their

operations with Oracle Cloud Infrastructure," said Srini Pillarisetty, President, Vigilant Technologies. "In short, being named by Gartner as a Representative Vendor validates our growth and our profile in the market."

Vigilant Technologies offers accelerators and proprietary data conversion tools that extract data from all major databases and support migrations across Clouds, on-premises, and hybrid networks. These tools accelerate conversion tasks and reduce team workloads, for ready-to-use results.
