Ashtabula, Ohio Apr 20, 2022 ([Issuewire.com](http://Issuewire.com)) - ACRP TV's first live broadcast will be this Saturday from the Delaware County Fairgrounds in Ohio with all-day coverage starting at Noon Eastern Time of President Trump's Save America Rally. The TV App is now available to add on both Roku and Amazon Fire TV.

The rollout of the new TV app is to help voters become informed on candidates and issues that affect their everyday life. As we head into the 2022 election cycle and have so many Republican candidates running in Ohio, ACRP TV will put together video and live streaming resources that people will be able to relax in the comfort of their own living rooms to watch and discuss with family and friends.

In addition to the Save America Rally, candidate information, ACRP TV carries live programming from One America News (OAN Plus)

There is no cost for the new app and updated versions will be coming regularly as more and more content is created and released. To add ACRP TV to your streaming device just log onto your account and search for ACRP TV or Ashtabula County Republican Party or visit the party website for instructions at [www.ACRPTV.com](http://www.ACRPTV.com) or [www.Ashtabulagop.com](http://www.Ashtabulagop.com)
