

## Collibre Launches It's Swiss Collagen Drinks in the United States

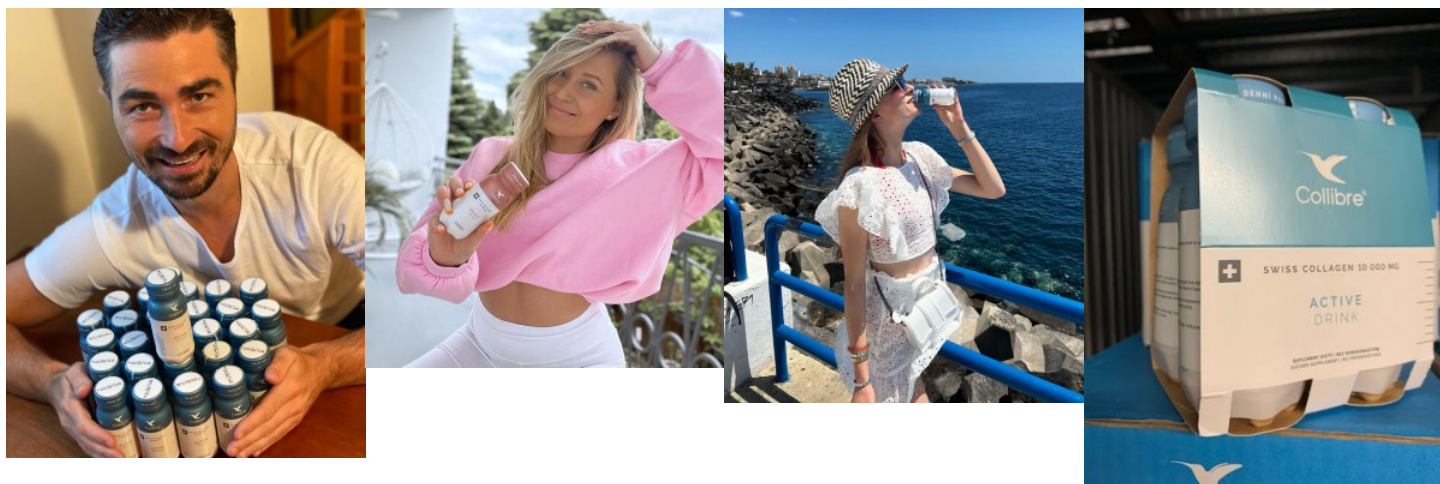

**Zurich, Switzerland May 31, 2022 (Issuewire.com)** - Collagen Drinks from Collibre are unparalleled in their action. Hundreds of satisfied customers, including the biggest stars, have reached for the hydrolyzed collagen by drinking Collibre and sharing their effects on social media. Collagen is the most important protein in the human body, responsible for the firmness and elasticity of the skin, the strength of hair and nails, but also the mobility and functioning of the bone and joint system. Supplementation in the form of a small, 140-milliliter drink, with a maximum daily dose of 10,000 mg of collagen, is a recipe for maintaining youth, health, and beauty.

With age, the body loses the ability to regenerate and rebuild collagen bonds and connections in the body. It is manifested by visible wrinkles, loss of skin firmness and elasticity, joint pains, or weak hair and nails. Who among us does not want to stop the signs of the passing of time? That is why it is important to also support our body and body from the inside with proven methods. This is what the natural Swiss collagen Collibre is, which thanks to additional vitamins A, C, E, and B vitamins and silicon comprehensively and effectively nourishes the body from the inside.

Collibre products, available in practical drinks once a day, will strengthen your efforts on your way to natural beauty and fitness. Without preservatives, gluten-free, and with a maximum daily dose of 10,000 mg, BEAUTY, ACTIVE and VITAL supplements can be found in the Collibre store at <https://collibre.webnode.page/> or check out our SUMMER TODAY!
