The compelling number "50" from hip-hop artist A1KK is turning the heads of all the listeners. The young and upcoming rapper is on the hunt to achieve greatness.

Jonesboro, May 11, 2022 ([Issuewire.com](http://Issuewire.com)) - Motivating with lyrics and carrying a dynamic attitude, hip-hop artist [A1KK](#) has recently come up with the brand-new single, "50." The prolific artist has been presenting her works since 2019 and has been associated with releasing many singles and music albums. However, the recent track has been running the headlines for the artist's unique

mixing style. The bold yet entertaining approach taken by the artist goes on to prove the authenticity and free flow of the track. The collaboration with Jayda in the single instills all the elements required for a wonderful production.

The song goes on to demonstrate the artist's desire of reaching the top. Successfully breaking the stereotypes of society with magical abilities, the artist is proving that she is one of the most underrated independent female artists out there in the music industry. Whether it is "She Ready," "Guwop in 07," "Everything Expensive," or "Press a Button," the artist has always focused on offering only the best to her fans and followers.

The song, "50" is one of the masterpieces in the artist's discography which will shape the career of the upcoming rapper. The hunger of making a name for herself by becoming one of the most talented hip-hop superstars gets reflected in the artist's enthusiastic nature. Such artists are rare to find in today's musical space. The entire collection consisting of all the numbers from **A1KK** can be streamed on Spotify.
