

Nicholas Argerakis, DPM, a Podiatrist with Silverstone Podiatry

Get to know Podiatrist Dr. Nicholas Argerakis, who serves patients in New York, New York.

New York City, New York May 16, 2022 ([IssueWire.com](https://www.issuewire.com)) - Known to his patients as “Dr. Nick”, Dr. Argerakis is a New York-based foot surgeon at Silverstone Podiatry.

He specializes in reconstructive foot and ankle surgery with a focus on revision surgery, as well as the reconstruction of deformities such as bunions, hammertoes, and flat feet. His primary goals when

helping patients are to improve their quality of life, provide aesthetic and attractive results, and help them quickly return to their regular daily routine.

Professionally, Dr. Argerakis holds a medical staff position in the Department of Orthopedic & Podiatric Surgery at Lenox Hill Hospital. He was also a clinical faculty member in the Department of Surgical Sciences at the New York College of Podiatric Medicine from 2013-to 2018, where he is extensively involved in the education and training of students and residents.

Raised in New York City, Dr. Argerakis attended Horace Mann High School. He spent his undergraduate years receiving dual degrees at Muhlenberg College before continuing on to the New York College of Podiatric Medicine. While there, he completed a podiatric surgical residency, serving as chief resident in his final year. He then went on to the prestigious Weil Foot, Ankle & Orthopedic Institute in Chicago, Illinois, where he completed a fellowship in advanced foot & ankle reconstructive surgery.

Currently, he lectures nationally and internationally on advanced surgical techniques in treating various foot and ankle deformities such as bunions and hammertoes (specifically second toe hammertoe and plantar plate repair). He also publishes his outcomes in foot and ankle surgery.

Among his professional membership status, Dr. Argerakis is an active member of the American College of Foot and Ankle Surgeons, the American Board of Podiatric Medicine, the American Podiatric Medical Association, and the New York State Podiatric Medical Association.

In addition, he is board-certified in podiatry by the American Board of Podiatric Medicine, which exists to offer podiatric physicians a comprehensive board qualification and certification process.

Podiatry is a branch of medicine devoted to the study, diagnosis, and medical and surgical treatment of a variety of disorders of the foot, ankle, and lower extremity. A podiatrist, also known as a podiatric physician or a foot and ankle surgeon, is a medical professional devoted to the treatment of disorders of the foot, ankle, and lower extremity. They can treat injuries and complications from ongoing health issues like diabetes.

Among Dr. Argerakis' various achievements include the Maimonides Award for Academic Excellence and Community Service, the President's Scholarship Award, the APMA Educational Foundation Scholarship, and induction into the Pi Mu Delta Podiatric Service Society.

On a more personal note, he speaks both English and Greek.
