

Onyx Government Services Name Tracy Jensen Vice President of Finance

Tracy Jensen brings over 25 years of financial experience and an established record of success in government contracting operations.

Centreville, Virginia May 23, 2022 ([IssueWire.com](https://www.issuewire.com)) - Onyx Government Services, empowering the U.S. Federal government and Department of Defense (DoD) to interpret, manage, and protect mission-critical systems and data, announces the appointment of Tracy Jensen to the role of Vice President of Finance. In her new position, Tracy will manage all of Onyx Government Services' financial operations including accounting, treasury, corporate finance, and audits.

Prior to being named Vice President of Finance, Tracy served capably for five years as Senior Advisor for Financial and Strategic Planning at Onyx GS. She offers more than 25 years of experience in finance in both civil and government contracting.

"We are very pleased to have Tracy serve as vice president of finance," said Ken Jensen, Founder, and President of Onyx Government Services. *"Tracy has extensive experience in the government contracting field and is attuned to important regulatory and compliance requirements. She has made significant and valuable contributions to the growth and success of Onyx GS in her previous senior advisor role. I have no doubt of her continuing leadership in the new executive position."*

Previously, Tracy served for four years as the finance manager for Washington DC-based TCG, Inc. Earlier in her career, she held roles at USA Today, MCI/WorldCom, NVR, and TAM Technologies. Tracy holds a Bachelor of Science (B.S.) in Finance from George Mason University.

"My top priority is to capably serve our valuable public sector clients and effectively reach our financial objectives," said Tracy Jensen. *"I am looking forward to working closely with my colleagues and business partners to grow Onyx GS and reach new levels of success."*

About Onyx Government Services

Headquartered near the Nation's Capital in Centreville VA, Onyx Government Services is a world-class innovator in enterprise data services and data-driven solutions.
